

Charity Begins At Home

Well beyond the aspects of signing an exclusive, marketing a property, hosting an open house, advertising, negotiating, selling or closing a deal, your Corcoran agent has chosen to help benefit people in your community by contributing to **Corcoran Cares**.

Corcoran Cares is the charitable contributions chapter of our Company, dedicated to the financial support of non-profit organizations in the communities that Corcoran serves in New York City, the Hamptons and South Florida.

As a **Corcoran Cares** member, your Corcoran agent has pledged a specific portion of their commission to support such efforts as: Helping New Yorkers living in poverty to achieve economic self-sufficiency; Hospice care which brings compassion and support to the terminally ill and their families; training for disadvantaged teens and young children struggling with reading disabilities. Members of Corcoran Cares also volunteer their time and effort towards projects and events that help community people in need.

With the **Corcoran Cares** membership, a portion of the commission earned by your Corcoran representative will benefit specifically selected charitable organizations. Those charities also receive a 25% matching gift directly from Corcoran. It is a tradition of giving that we at Corcoran are proud to honor.

Charity Begins At Home. It's not just a slogan. At Corcoran, it's where we live and who we are.
